PROFESSIONAL SUMMARY

Dedicated Software Developer with hands-on experience designing, developing and maintaining web applications using Python, Django, HTML, CSS, JavaScript and SQL.

Experienced in backend development, Django ORM, REST APIs, authentication, database management, Object-Oriented Programming and scalable web application development.

Developed projects including Online Job Portal, E-Commerce Web Application and Student Management System. Passionate about building clean, efficient and user-friendly software.

TECHNICAL SKILLS

Programming Languages: Python, SQL, JavaScript

Web Technologies: HTML, CSS, JavaScript, REST APIs

Frameworks & Libraries: Django, Django REST Framework, Tkinter, PyQt5, Pandas, NumPy

Databases: MySQL, SQLite

Tools & Platforms: Git, GitHub, VS Code, Jupyter Notebook

Core Skills: Object-Oriented Programming (OOP), Data Structures, Problem Solving, Debugging, Software Development Life Cycle (SDLC)

SOFTWARE DEVELOPER PROJECTS

Online Job Portal Python, Django, HTML, CSS, JavaScript, SQLite | [GitHub](#)

- Developed a full-stack Online Job Portal using Django for employers and job seekers.
- Implemented role-based authentication, job posting, application tracking and candidate shortlisting.
- Designed database models using Django ORM and managed data through the Django Admin Panel.

E-Commerce Web Application Python, Django, HTML, CSS, JavaScript, SQLite | [GitHub](#)

- Built an e-commerce application with authentication, shopping cart and product management.
- Developed backend modules using Django ORM with SQLite database integration.
- Designed responsive interfaces using HTML, CSS and JavaScript.

Student Management System Python, Tkinter, SQLite | [GitHub](#)

- Developed a desktop-based student management system for maintaining student records.
- Implemented add, update, delete and search functionality with SQLite database integration.
- Designed an interactive GUI using Tkinter following Object-Oriented Programming principles.

INDUSTRIAL TRAINING / EXPERIENCE

Software Developer Trainee Cyber Core Technologies

- Developed web applications using Python, Django, SQL and Django ORM.
- Implemented authentication, CRUD operations and backend application features.
- Built responsive interfaces using HTML, CSS and JavaScript.

Software Developer Trainee Meander Software Pvt. Limited

- Gained hands-on experience in Python programming and Object-Oriented Programming.
- Developed a Hotel Management System using Python.
- Improved debugging, problem-solving and software development practices.

EDUCATION

Bachelor of Technology (Computer Science Engineering)	2022 – 2026
KC Group of Research & Professional Institutes (KCGRPI), Pandoga, Himachal Pradesh	CGPA: 7.3
Class X – HPBOSE Board	80%
G.S.S.S Bhakra, Himachal Pradesh	

ACADEMIC HIGHLIGHTS

- Developed and deployed Django web applications with authentication, CRUD operations and database integration.
- Built projects using Django ORM, REST APIs, HTML, CSS, JavaScript and SQLite.
- Strong understanding of Object-Oriented Programming, Data Structures and Software Development Life Cycle.
- Passionate about backend development and continuously improving problem-solving skills.
